

Overview

The *Indicate Project Involvement* page provides the opportunity for Environmental Technical Advisory Team (ETAT) members to indicate whether their agency wishes to serve as a Cooperating or Participating Agency. Additionally, US Coast Guard can also provide feedback regarding water crossings within the vicinity of the project.

Simple Steps

Indicate Project Involvement

Cooperating or Participating Agency During NEPA (optional) 1

Cooperating and Participating Agency roles under NEPA have specific legal obligations beyond reviewing projects in the ETDM process.

Only select one of these options if your agency accepts the associated responsibilities.

Cooperating and Participating Agency roles during the development of a project include the following as they relate to their area of expertise:

- Provide meaningful and early input on defining the purpose and need, determining the range of alternatives to be considered, and the methodologies and level of detail required in the alternatives analysis.
- Participate in coordination meetings and joint field reviews as appropriate.
- Timely review and comment on the pre-draft or pre-final environmental documents to reflect the views and concerns of your agency on the adequacy of the document, alternatives considered, and the anticipated impacts and mitigation.

Does US Coast Guard see a need to serve as a Cooperating or Participating Agency?

- ☐ Yes, US Coast Guard would like to be a Cooperating Agency for this project.
☐ Yes, US Coast Guard would like to be a Participating Agency for this project.
☒ No
